**NOW, THEREFORE**, in consideration of the covenants hereinafter set forth, the District and Contractor agree as follows:

SECTION 1     **CONTRACTOR'S DUTIES AND STATUS**

Contractor accepts the contractual relationship established between it and the District by this Construction Services Agreement, and Contractor covenants with the District to furnish reasonable skill and judgment in constructing the Project as set forth in the Construction Documents for the Project, as defined in Section 2(D) for the Project which are described and/or set forth herein as Exhibit "A." Contractor agrees to furnish efficient business administration and superintendence and to attempt to furnish at all times an adequate supply of professionals, workers, and materials and to perform the work appropriately, expeditiously, economically, and consistent with the Construction Services Agreement and Construction Documents as defined in Section 2 (A) and (D), below.

SECTION 2     **DEFINITIONS**

- A.     **"Construction Services Agreement"** means this Construction Services Agreement, together with any duly authorized and executed amendments hereto.
  
- B.     **"Construction" or "Construction Services"** means all labor and services necessary for the construction of the Project, and all materials, equipment, tools, supplies and incidentals incorporated or to be incorporated in such construction as fully described in the Construction Scope of Work set forth in Section 8 and Exhibit "A." Unless otherwise expressly stipulated, Contractor shall perform all work and provide and pay for all materials, labor, tools, equipment and utilities necessary for the proper execution and completion of the Project shown on the drawings and described in the Construction Documents for the Project as defined in Section 2 (D), which are described and/or set forth in Exhibit "A."
  
- C.     **"Construction Costs"** means any and all costs incurred by Contractor including, but not limited to, costs for labor, materials, equipment and general conditions with respect to the construction and equipping, as the case may be, of the Project, whether paid or incurred prior to or after the date hereof, including, without limitation, costs for Site preparation, the removal or demolition of existing structures, the construction of the Project and related facilities and improvements, and all other work in connection therewith, Contractors' overhead and supervisors' fees and costs directly allocable to the Project, all costs and expenses including any taxes or insurance premiums paid by Contractor with respect to the Property, administrative and other expenses necessary or incident to the Project. The term "Construction Costs" includes all Contractor's costs associated with

preparing or generating additional copies of any Construction Documents, as defined below, related to or required for the Project, including preparation or generation of additional plans and specifications for Contractor's subcontractors. Construction Costs shall not exceed the Final Guaranteed Maximum Price as defined in Section 2(f) below.

- D. **"Compensation for Design Errors and Omissions"**. The parties agree and acknowledge that it will be Contractor's duty to review the Construction Documents for the Project, as defined below, for value engineering opportunities and for constructability. Accordingly, the parties agree and acknowledge that there shall be no adjustment to the Final GMP, as defined below, for errors and omissions made by the Architect and its consultants, or any later discovered conditions related thereto, that could have or should have been identified by Contractor during the performance of Contractor's duty to review the Construction Documents for value engineering opportunities and for constructability. In the event that additional work resulting from discrepancies in the Construction Documents that are due to the Architect's errors and omissions which could not have been identified by Contractor utilizing reasonable due diligence during the pre-construction phase is required, as determined in the District's sole reasonable discretion, the parties hereby agree and acknowledge that Contractor shall be compensated for such services in accordance with the applicable provisions of this Construction Services Agreement.

The parties acknowledge that Contractor is a licensed general contractor, and not a licensed engineer or architect and is therefore not responsible for design errors and omissions, the discovery of which would reasonably require the expertise of a licensed engineer or architect. For purposes of illustration only, and not by way of limitation, Contractor will generally not be responsible for the adequacy of specific technical design elements such as footing designs, wire and switch gear sizes, structural member sizes, connection details/calculations, and HVAC duct and equipment specifications. However, notwithstanding the foregoing, the District is purchasing and Contractor agrees to provide a complete building with all necessary systems and components required for the building to function properly and meet the industry standards and codes with which a reasonably prudent licensed general contractor should be familiar. Contractor and its subcontractors are required to exercise the reasonable professional standard of care of a licensed general contractor in reviewing the contract documents and must supply sufficient quantities of devices, wires, pipes, ducts or other features that are a) reasonably inferable from the contract documents; or b) required to make all systems complete and functional.

- E. **"Construction Documents"** means the final drawings, profiles, cross sections, design development drawings, construction drawings, and supplemental drawings based on the plans and specifications developed for the Project, including any reference specifications or reproductions prepared by the Architect and plans and specifications approved by the District and the Division of the State Architect ("DSA") which show or describe the location, character, dimensions or details of the Project and specifications for construction thereof. The District shall provide the Contractor with **One** master set of the Construction Documents in both printed and electronic formats.
- F. **"Contract Documents"** means those documents which form the entire Contract by and between the District and Contractor. The Contract Documents consist of this Construction Services Agreement, including all exhibits and attachments thereto, the Construction Documents, the Site Lease and the Sublease.

- G. **"Guaranteed Maximum Price" or "GMP"** means the Guaranteed Maximum Price established pursuant to Section 4 to be paid to Contractor for Contractor's construction of the Project hereunder, subject to any adjustments for Extra Work/Modifications as provided in Section 9.
- H. **"Project"** means the improvements and equipment to be constructed and installed by the Contractor, as more particularly described and/or referenced in Exhibit "A" attached hereto.
- I. **"Site"** means those certain parcels of real property and improvements thereon (if any) more particularly described in Exhibit "A" of the Site Lease.
- J. **"Site Lease"** means the Site Lease of even date herewith, by and between the District and the Contractor together with any duly authorized and executed amendment thereto under which the District leases the Site to the Contractor.
- K. **"Subcontractor"** means any person or entity, including trade contractors, who have a contract with Contractor to perform any work on the improvements to the Site.
- L. **"Sublease"** means the Sublease of even date herewith by and between the District and Contractor together with any duly authorized and executed amendment hereto under which the District subleases the Site from the Contractor.
- M. **"Sublease Payment"** means any payment to be made by the District pursuant to Section 7 of the Sublease.
- N. **"Sublease Prepayment"** means any payment to be made by the District pursuant to Section 26 of the Sublease.

SECTION 3 **ADDITIONAL SERVICES**

If the District requests Contractor to perform additional services ("Additional Services" not described in this Construction Services Agreement, Contractor shall provide a cost estimate and a written description of the Additional Services required to perform such work. Compensation for such Additional Services shall be negotiated and agreed upon in writing, in advance of Contractor's performing or contracting for such Additional Services and paid to Contractor in addition to the GMP established pursuant to Section 4 hereof. In the absence of such written agreement, the District will not compensate Contractor for such work, and the Contractor will not be required to perform it. Nothing in this Construction Services Agreement shall be construed as limiting the valuation and amount to be paid to Contractor for such Additional Services or its implementation should a written agreement for such services be executed. Contractor shall not be entitled to compensation for Additional Services required as a result of Contractor's acts, errors or omissions.

SECTION 4 **ESTABLISHMENT OF GUARANTEED MAXIMUM PRICE "GMP"**

- A. The preliminary "Estimated GMP" for the Project shall be **\$20,459,251** (Twenty Million Four Hundred Fifty Nine Thousand Two Hundred and Fifty One). The Estimated GMP shall be subject to modification when the Construction Documents are finalized and approved by the Division of the State Architect ("Final GMP"). The Estimated GMP is

based upon plans and specifications existing and reviewed by the Contractor at the time this Construction Services Agreement is entered into as more fully described and referenced in the Scope of Work set forth in Exhibit "A, "Sublease Payments and/or Sublease Prepayments by the District pursuant to the Sublease and Section 26 hereof shall be commensurate with the GMP. The Final GMP shall be subject to adjustments for Extra Work/Modifications in accordance with the provisions of Section 9 and adjustments for reductions in the Scope of Work pursuant to the provisions of Section 4(B), below. The Estimated GMP includes, and the Final GMP shall include, the cost of all labor, materials, equipment, general conditions, overhead, profit and Contractor contingency in an amount to be negotiated upon the finalization of the GMP.

(1) The District hereby creates an owner contingency fund ("Contingency Fund") for the District's benefit which shall originally consist of **\$1,570,435**. The Contingency Fund may be increased by the District, in its sole discretion, from any Savings as set forth in Article 6 herein. This Contingency Fund is a line item within the GMP. The Contingency Fund shall be utilized for the payment of: (1) any unforeseen costs which are within the scope of work for the Project which are not caused by the acts, errors, or omissions of the Contractor; or (2) additional work desired by the District pursuant to Article 9 of these Construction Provisions. Prior to commencing any work which would result in the utilization of the Contingency Fund, the District and Contractor shall agree in writing singularly, or by way of approved construction meeting minutes, upon the cost of such work. In the event that Contractor commences such work without the District and Contractor agreeing upon the cost for such work or mutually acceptable method for determining the cost for such work, Contractor shall, for all purposes, be deemed to have waived any rights to compensation with respect to such work. Any funds remaining in the Contingency Fund after completion of the Project shall remain with the District and will not be payable to the Contractor, unless otherwise agreed to by the parties in writing.

B. The District at all times shall have the right to reduce the scope of the Project. If the District reduces the scope of the Project, the GMP shall be reduced to contemplate the reduced Scope of Work, pursuant to the provisions of Section 9. To the extent possible, it is the mutual goal of the District and Contractor to maximize the Scope of Work as allowed by the GMP.

**SECTION 5 NOTICE TO PROCEED**

A. The District shall issue one or more notices to the Contractor to proceed with the Project and/or any component or portion thereof as described below. However, the District shall not be obligated to issue a Notice to Proceed for the Project, or any portion thereof consisting of the construction of school buildings requiring approval by the Division of the State Architect ("DSA") prior to the date the District's adopted Plans and Specifications for the Project, or any component thereof have been approved pursuant to the Field Act, Education Code section 17280 et seq., as the District is statutorily precluded from issuing a Notice to Proceed for such construction until the District receives DSA approval of the plans and specifications for the Project or the applicable component thereof. In addition, if the District has elected to pursue a validation action, the District shall also not be obligated to issue the Notice to Proceed until the District has obtained a final judgment from a court of competent jurisdiction validating the Contract

Documents, including but not limited to this Construction Services Agreement, and the Site Lease and the Sublease. In the event a Notice to Proceed for one or more components of the Project is not issued for any of the reasons set forth in this Section, the District will notify the Contractor in writing of its decision not to issue such a Notice to Proceed for the Project, and Contractor shall only be entitled to any compensation for any authorized work performed in connection with the services set forth in this Construction Services Agreement, except as otherwise provided herein or except as applicable if the District elects to terminate this Agreement in accordance with Section 12(B) below. . .

- B. Although the District is statutorily precluded from issuing a notice to proceed for the Project, or any portion thereof consisting of the construction of school buildings, until the District receives DSA approval of the plans and specifications for the Project, it is anticipated on this Project that certain initial construction activities will be exempt, and/or not require DSA approval. For this reason, the District intends to issue Notices to Proceed as follows:
- 1) Phase 1 – Pre-Construction Services – NTP issued after contract validation, if applicable. Estimated on or after April 3, 2017.
  - 2) Phase 2 - Construction Services – Increment 1 Site Work, Utilities, and Roadway Improvements. At Board Option; estimated no earlier than April 2018.
  - 3) Phase 3 - Construction Services – Increment 2 Buildings. At Board Option; estimated no earlier than January 2019

SECTION 6 **SAVINGS**

- A. The purpose of Savings is to minimize the expenditure of funds for the construction of the Project on items that exceed the minimum criteria required without a corresponding benefit to the District. The District also wishes to eliminate any excess quality levels or performance criteria provided in the Construction Documents so long as such elimination does not alter the design, aesthetics, safety standards or configuration or space, and does not increase future maintenance and operation costs. The District and the Contractor shall work cooperatively with each other, in good faith, to identify appropriate opportunities to reduce the Project costs and promote Savings.
- B. If Contractor realizes a savings on any aspect of the Project such savings shall be added to the contingency portion of the GMP and shall be expended in a manner consistent with other funds in the contingency portion of the GMP. Contractor shall document all savings on an ongoing Project budget tracking summary and presented to the District at regularly scheduled construction meetings with the District. Any savings, including unspent contingency, realized on the Project will be returned to the District at Project completion.

**SELECTION OF SUBCONTRACTORS**

In the interest of minimizing the expenditure of funds for the construction of the Project, the Contractor agrees to select appropriately State of California licensed subcontractors for each trade component of the Project in a manner that fosters competition. Contractor agrees that it will also prequalify all subcontractors subject to Public Contract Code section 20111.6, using the District's standard prequalification package. Contractor will also either solicit bids from subcontractors pursuant to the competitive bid procedures set forth in the Public Contract Code, including the specific provisions of Public Contract Code section 20110 et seq., or that it will utilize an informal bidding process established by the Contractor which also incorporates competitive bid procedures. Regardless of the method Contractor employs, the Contractor will make a good faith effort to contact and utilize DVBE contractors and suppliers in securing bids for performance of the Project in accordance with the provisions of Section 7(A)(1) below. In the event that the Contractor chooses to select subcontractors pursuant to an informal bidding process, Contractor shall ensure that it receives at least three competitive quotes from subcontractors for each trade component of the Project, unless the parties otherwise agree in writing on a trade by trade basis. The District reserves the right to oversee the bidding process. Contractor shall inform all bidders that the District will not be a party to any contracts for construction services executed by the Contractor and selected bidders. Contractor shall submit a listing of proposed subcontractors to the District for the District's review. In no case will the Contractor award any subcontracts until the District has concurred to the scope and price of the subcontracted services. In addition, Contractor shall provide the District with full documentation regarding the bids or competitive quotes received by Contractor. In no event shall such documentation be redacted or obliterated. In the event the Contractor does not comply with this provision, the District may terminate this Construction Services Agreement in accordance with the provisions of Section 12 below. Subcontracts awarded in excess of one-half of one percent (.5%) shall be afforded all rights and protections of listed subcontractors under the provisions of the Subletting and Subcontracting Fair Practices Act, Public Contract Code section 4107, et seq. In addition, Contractor shall, at all times, ensure that all subcontractors, regardless of tier, are appropriately registered with the Department of Industrial Relations in accordance with Labor Code section 1771.1. Contractor shall provide evidence of such registration information upon request of the District.

(1) DVBE Requirements

Compliance with Disabled Veteran Business Enterprise (DVBE) contracting goals is required under this Construction Services Agreement. In accordance with Education Code section 17076.11 the District has a DVBE participation goal of 3% per year of the overall dollar amount of state funds allocated to the District pursuant to the Leroy F. Greene School Facilities Act of 1998, and expended each year by the District. The District is seeking DVBE participation under this Construction Services Agreement.

The Contractor must make a good faith effort to contact and utilize DVBE contractors and suppliers in securing bids for performance of the Project. Information regarding certified DVBE firms can be obtained from the Office of Small Business Certification and Resources (OSBCR) at (916) 323 5478 or (916) 322 5060 as well as the OSBCR website at [www.dgs.ca.gov/osbcr](http://www.dgs.ca.gov/osbcr). Verification

of DVBE status must be obtained from the OSBCR by receiving an approved certification letter and reference number from that office. The Contractor is required, as a material condition of this Construction Services Agreement, to retain documentation of its good faith efforts, in the event such documentation is requested by the District. Good faith efforts are demonstrated by evidence of the following: a) Contact was made with the District regarding the identification of DVBEs; b) Contact was made with other state agencies and with local DVBE organizations to identify DVBEs; c) Advertising was published in trade papers and papers focusing on DVBEs; d) Invitations to bid were submitted to potential DVBE contractors; and e) Available DVBEs were considered.

The Contractor shall certify, under penalty of perjury, that it has made a good faith effort was made to include DVBE contractors and suppliers in the Project.

(2) Skilled and Trained Workforce

In accordance with Education Code section 17407.5, Contractor shall ensure that it and its subcontractors at every tier use a skilled and trained workforce to perform all work on the Project that falls within an apprenticeable occupation in the building and construction trades. For the duration of the contract, Contractor and its subcontractors at every tier will provide to the District, on a monthly basis, a report demonstrating that the Contractor and its subcontractors are in compliance with the skilled workforce requirements of Education Code section 17407.5. This report shall include appropriate documentation of the “skilled and trained workforce” meeting the applicable requirements and percentages set forth in Education Code section 17407.5(b)(3). In the event Contractor fails to provide a monthly report, the District may consider such failure a breach of this contract and may exercise any of its rights and remedies available under the contract or the Education Code, including but not limited to withholding payment to the Contractor.

SECTION 8 CONSTRUCTION SCOPE OF WORK

- A. CPM Master Schedule. Prior to commencing construction, Contractor shall submit to the District a reasonably detailed CPM (Critical Path Method) Master Schedule for the construction, as set forth in Section 11(E) herein.
- B. Pre-Construction Orientation/Construction Meetings. The Contractor, in conjunction with the Architect, shall conduct pre construction orientation conferences for the benefit of Subcontractors to orient the Subcontractors to the various reporting procedures and site rules prior to the commencement of actual construction. The Contractor shall also conduct construction and progress meetings with the District Representatives and other interested parties, as requested by the District, to discuss such matters as procedures, progress problems and scheduling. The Contractor shall prepare and promptly distribute official minutes of such meetings to all parties in attendance including Architect, the District and Inspector.
- C. Budget/Cash Flow Reports. The Contractor shall incorporate approved changes as they occur, and develop cash flow reports and forecasts for submittal to the District on a monthly basis. The Contractor shall provide regular monitoring of the approved

estimates of Construction Costs, showing actual costs for activities in progress, and estimates for uncompleted tasks. The Contractor shall identify variances between actual and budgeted or estimated costs, and advise the District and the Architect whenever Project costs exceed budgets or estimates. The Contractor shall maintain cost accounting records on authorized additional services or work performed under unit costs, additional work performed on the basis of actual costs of labor and materials, or other work requiring accounting records.

- D. **Progress Reports.** The Contractor shall record the progress of the Project, and shall submit monthly written progress reports to the District and the Architect including information on the entire Project, showing percentages of completion and the number and amounts of proposed Extra Work/Modifications and their effect on the Construction Costs as of the date of the report. The Contractor shall also keep a daily log containing a record of weather, Contractors, work on the site, number of workers, work accomplished, problems encountered, and other similar relevant data as the District may require. The Contractor shall make the log available to the District, and the Architect. The District shall be promptly informed of all anticipated delays. In the event that the Contractor determines that a schedule modification is necessary, the Contractor shall promptly submit a revised Schedule for approval by the District.
- E. **Scheduling.** Contractor shall complete the construction pursuant to the CPM Construction Documents, subject to DSA approval and reduction in scope, performing all work set forth in the Scope of Work (Exhibit "A" to this Construction Services Agreement) and shall make reasonable efforts in scheduling to prevent disruption to classes.
- F. **The District Permit and Other Obligations.** It is expressly understood that the District shall pay the DSA for the DSA inspector, soils testing, DSA fees, special testing, etc. If additional review or permits become necessary for reasons not due to Contractor's fault or because of DSA requirements or regulations implemented after the date the Final GMP is established and not reasonably anticipated at the time the Final GMP is established, Contractor may seek additional compensation for the cost of that review as an additional cost. In the alternative, the District may pay such costs directly to DSA.
- G. **Contractor Permit Obligations.** The District shall pay for all remaining general building permits and ancillary permits and licenses not paid by the District prior to the commencement of this Construction Services Agreement. The District shall also be responsible for arranging and overseeing, all necessary inspections and tests, including inspections by the DSA, permits and occupancy permits, and ensure compliance with any Federal and State laws. Contractor shall be responsible for arranging and overseeing safety procedures and requirements, construction employee training programs which cover among other items, hazardous chemicals and materials.
- H. **Protection.** The Contractor shall establish procedures for the protection of all existing structures, equipment, utilities, and other existing improvements, both on site and off site, including securing and locking all areas with property exposure.
- I. **Nuisance Abatement.** The Contractor shall develop a mutually agreed upon program with the District to abate and minimize noise, dust, and disruption to normal activities at

the existing facilities on the Site, including procedures to control on site noise, dust, and pollution during construction.

- J. **Site Mitigation and Remediation.** The District shall perform any required Site mitigation or remediation at its sole cost, unless such Site mitigation or remediation is necessitated by any of the conditions described in Section 33 hereof, in which event the provisions of that section shall govern. The District shall be responsible for any asbestos and lead abatement and/or remediation work.
- K. **Utilities.** The Contractor shall perform and pay for all temporary utility hook ups and connections and shall pay for use of utilities during construction, as well as any fees owed to utility suppliers for connection to existing mainline facilities. Contractor shall be responsible for all utility costs prior to the District's occupancy of the Project.

SECTION 9 **EXTRA WORK/MODIFICATIONS**

- A. the District may prescribe extra work or a modification or reduction of requirements or of methods of performing the Construction which differ from the work or requirements set forth in the Construction Documents ("Extra Work/Modifications"); and for such purposes, the District may at any time during the life of this Construction Services Agreement by written order, make such changes as it shall find necessary in the design, line, grade, form, location, dimensions, plan, or material of any part of the work or equipment specified herein or in the Construction Documents, or in the quantity or character of the work or equipment to be furnished. In the event conditions develop which make strict compliance with the specifications impractical, Contractor shall notify the District of the need for such Extra Work/Modification by placing the matter on the agenda of regularly scheduled construction meetings with the District for discussion as soon as practicable after the need for such Extra Work/Modification is determined. Additionally, Contractor shall submit to the District for its consideration and approval or disapproval, a written request for Extra Work/Modifications before such work is performed. If the District approves such request in writing, the costs of the Extra Work/Modifications, as established pursuant to this Section 9, shall be added to or deducted from the GMP, as applicable.
- B. Value of any such Extra Work/Modification, change, or deduction shall be determined at the discretion of the District, in consultation with the Architect, in one or more of the following ways:
  - (1) By acceptable lump sum proposal from Contractor with itemization as required by the District and/or the Architect.
  - (2) By unit prices contained in Contractor's cost estimates and incorporated in the Contract Documents or fixed by subsequent agreement between the District and Contractor.
  - (3) By the cost of material and labor and a percentage for the Contractor's construction management fee. The following form shall be followed as applicable for additions and deductions to the Construction Services Agreement:

EXTRA/ (CREDIT)

(a)	Material (attach itemized quantity and unit cost plus sales tax)	_____
(b)	Labor including subcontractor's labor and profit/overhead (profit/overhead not to exceed 15%) (attach itemized hours and base rates from identified prevailing wage rate schedules)	_____
(c)	Commercial General Liability and Property Damage Insurance, Workers' Compensation Insurance, Social Security and Unemployment taxes at actual and verified cost.	_____
(d)	Subtotal	_____
(e)	Contractor's profit/overhead not to exceed 7.0% of Item (d) if applicable	_____
(f)	Subtotal	_____
(g)	Bond Premium, not to exceed 1% of Item (f)	_____
(h)	Total	_____

- C. Regardless of whether the cost of the Extra Work/Modification is determined pursuant to 1, 2, or 3, above, in addition to the cost of the material and labor for deleted items, Contractor shall credit back an appropriate and reasonable amount for the bonding mark up for deleted items at the time of the request for the Extra Work/Modification.
- D. Should Contractor claim that any instruction, request, drawing, specification, action, condition, omission, default, or other situation (i) obligates the District to pay additional compensation to the Contractor; or (ii) obligates the District to grant an extension of time for the completion of the Construction Services Agreement; or (iii) constitutes a waiver of any provision in this Construction Services Agreement, CONTRACTOR SHALL NOTIFY the District, IN WRITING, OF SUCH CLAIM AS SOON AS POSSIBLE, BUT IN NO EVENT WITHIN MORE THAN TEN (10) BUSINESS DAYS FROM THE DATE CONTRACTOR HAS ACTUAL OR CONSTRUCTIVE NOTICE OF THE CLAIM. CONTRACTOR SHALL ALSO PROVIDE the District WITH SUFFICIENT WRITTEN DOCUMENTATION SUPPORTING THE FACTUAL BASIS OF THE CLAIM including in the documentation items (B) (3) a-h described in this Section. Contractor shall be required to certify under penalty of perjury the validity and accuracy of any claims submitted. The Contractor's failure to notify the District within such ten (10) business day period shall be deemed a waiver and relinquishment of the claim against the District. If such notice be given within the specified time, the procedure for its consideration shall be as stated above in this Section.

- E. In the event a mutual agreement cannot be reached on the cost of an Extra Work/Modification item, Contractor and the District agree that an industry estimating guide, such as an estimating guide published by Means, shall be used to determine the cost of a disputed Extra Work/Modification item.
- F. All costs associated with the Extra Work/Modification may be in terms of time, money or both.
- G. Expenses of reconstruction and/or costs to replace and/or repair damaged materials and supplies, provided that Contractor is not fully compensated for such expenses and/or costs by insurance or otherwise, may be added to the GMP, if said expenses are the result of the sole established negligent acts or omissions or willful misconduct of the District, or its subcontractors, principals, agents, servants, or employees.
- H. The term "profit/overhead" for any subcontractors shall be considered to include insurance other than mentioned in Section 9(c) above, field and office supervisors and assistants, watchmen, use of small tools, consumables and general field and home office expenses, and no separate allowance will be made therefor.

SECTION 10 **SUBSTITUTION OF AN "OR EQUAL"**

- A. For purposes of this provision the term "substitution" shall mean the substitution of any material, product, thing or service that is substantially equal or better in every respect to that so indicated or specified in the plans and specifications.
- B. Pursuant to Public Contract Code section 3400(c) the District **HAS NOT** made a finding designating certain materials, products, things, or services by specific brand or trade name for the statutorily enumerated purposes. These findings if made, as well as the materials, products, things, or services and their specific brand or trade names that must be used for the Project may be found in Exhibit "B," if applicable.
- C. Unless specifically designated in Exhibit "B," whenever in specifications any material, product, thing or service is indicated or specified by grade, patent, or proprietary name or by name of manufacturer, such specifications shall be deemed to be used for the purpose of facilitating the description of the material, product thing, or service desired and shall be deemed to be followed by words "or equal." Contractor may, unless otherwise stated, offer for substitution any material, product, thing or service which shall be substantially equal or better in every respect to that so indicated or specified. However, the District has adopted certain uniform standards for certain materials, products, things, and/or services. If any material, product, thing, or service offered for substitution by Contractor is not, in the opinion of the Architect and the District, substantially equal or better in every respect to that specified, Contractor shall furnish the material, product, thing, or service specified. The burden of proof as to the equality of any material, product, thing, or service shall rest with the Contractor.
- D. Contractor shall submit requests together with substantiating data for substitution of any "or equal" material, product, thing, or service no later **thirty (30) days** after execution of this Agreement. Provisions authorizing submission of "or equal" substitution justification data shall not in any way authorize an extension of time for performance of this Contract. The District shall not be responsible for any costs of Contractor associated with "or equal" substitution requests. The District has the complete and sole discretion to

determine if a material, product, thing, or service is an "or equal" material, product, thing, or service that may be substituted.

- E. For purposes of subdivision (D) above, data required to substantiate requests for substitutions of an "or equal" material, product, thing, or service data shall include a signed affidavit from the Contractor stating that the substituted "or equal" material, product, thing, or service is equivalent to that specified in the specification in every way except as listed on the affidavit. Substantiating data shall also include any and all illustrations, specifications, and other relevant data including catalogue information which describes the requested substituted "or equal" material, product, thing, or service and substantiates that it is an "or equal" to the material product, thing, or service specified. In addition, the submittal documentation must also include a statement of the cost implications of the substitution being requested stating whether and why the substitution of the "or equal" material, product, thing, or service will reduce or increase the GMP. The substantiating data must also include information regarding the durability and lifecycle cost of the requested substituted "or equal" material, product, thing, or service. Failure to submit all the needed substantiating data, including the signed affidavit, to the Architect in a timely fashion so that the substitution can be adequately reviewed may result in the rejection of the proposed substitution. The Architect is not obligated to review multiple substitution submittals for the same materials, products, things, or services due to the Contractor's failure to submit a complete package initially.
- F. Time limitations in this Section must be complied with strictly and in no case will an extension of time for completion be granted because of Contractor's failure to request the substitution of an alternative item at the times and manner set forth herein in subdivision (D). Further, the Contractor shall bear the costs of all engineering work associated with the review of submittals for substitution of equals.
- G. In event Contractor furnishes material, product, thing, or service more expensive than that specified, the difference in cost of such material, product, thing, or service so furnished shall be borne by Contractor.
- H. Contractor hereby agrees to notify its subcontractors of the requirements set forth in this Section 10 and shall require any and all subcontractors to submit requests together with substantiating data for substitution of any "or equal" material, product, thing or service no later 35 days after the award of the subcontract.

**SECTION 11 TIME OF COMPLETION**

- A. Once the District has issued a Notice to Proceed, Contractor shall proceed with the Construction of the Project with reasonable diligence. Contractor agrees that the Project will be substantially completed on within the number of calendar days specified in the District's Notice to Proceed issued pursuant to the provisions of Section 5, above, with an intended occupancy date estimated to be July 24, 2020. Said time may be extended for such periods of time as Contractor is prevented from proceeding with or completing the Project for any cause described in this Section 11, or as otherwise agreed to in writing by the District and Contractor. If the work is not completed in accordance with the foregoing, it is understood that the District will suffer damage. It being impractical and infeasible to determine the amount of actual damage, it is agreed that Contractor shall pay to the District as fixed and liquidated damages, and not as a penalty, the sum of One

Thousand Five Hundred Dollars (\$1,500) per day for each calendar day of delay until work is substantially completed and accepted. Contractor and its surety shall be liable for the amount thereof. Any money due or to become due the Contractor may be retained by the District to cover said liquidated damages. Should such money not be sufficient to cover said liquidated damages, the District shall have the right to recover the balance from the Contractor or its sureties, who will pay said balance forthwith.

- B. In the event that the performance and/or completion of the Project is delayed at any time by any act or omission of the District or of any employee, agent or tenant of the District, by any separate contractor employed by the District, by changes or alterations in the Project not caused by any fault or omission by Contractor, by strikes, by lockouts, by fire, by embargoes, by windstorm, by flood, by earthquake, by acts of war or God, by changes in public laws, regulations or ordinances enacted after the date of execution of this Construction Services Agreement by acts of public officials not caused by any fault or omission of Contractor, by an inability to obtain materials or equipment not caused by any act or omission of Contractor, or by any other cause beyond the reasonable control of Contractor, the aforesaid date for substantial completion of the Project shall be extended for a period commensurate with the delay. Contractor shall not be charged liquidated damages because of such delays in completion of work or delays otherwise due to unforeseeable causes beyond the control and without the fault or negligence of Contractor.
- C. The term "substantially completed" or "substantial completion" as used herein shall mean completed in such fashion as to enable the District, upon performance of any separate work to be done by the District under separate contract or by day labor, beneficially to occupy the Project and to commence operation therein, provided such occupancy and use does not substantially interfere with Contractor's performance of the remainder of the work, as agreed upon between the Contractor and the District, which may be accomplished prior to the completion of the work.
- D. The term "Fully Completed and Accepted," as used herein, shall mean that all remaining work has been completed in accordance with the Construction Documents and that successful testing, startup and satisfactory operation of the Project as a total unit has been accomplished in substantial conformance with the Construction Documents.
- E. Within five (5) business days after the District's delivery of a Notice to Proceed for the Project, Contractor shall furnish the District with a reasonably detailed CPM (Critical Path) Schedule, setting forth the expected dates for commencement and completion of each of the various stages of construction to be performed by Contractor pursuant to this Construction Services Agreement (the "Time Schedule"). The Contractor shall submit the master schedule to the District for acceptance and update the master schedule as appropriate on at least a monthly basis. The Contractor shall incorporate the activities of Contractors on the Project and delivery of products requiring long lead time procurement. The Contractor shall also include the District's occupancy requirements showing portions of the Projects having occupancy priority. The Contractor shall be responsible for providing the District with a Schedule of Values within ten (10) working days of the District's issuance of a Notice to Proceed, which will be updated as needed. It is specifically understood that the District will utilize said Time Schedule as it is revised from time to time to determine completion dates of various aspects of the Project. Sublease Prepayments under the Sublease shall be conditioned upon completion of

various aspects of the Project as determined by the District's Inspector pursuant to the Time Schedule and the Schedule of Values.

- F. The Contractor shall not be assessed liquidated damages for this Construction Services Agreement and shall not be subject to any damages for delay in completion of the Project, when such delay was caused by the failure of the District or the owner of the utility to provide for removal or relocation of the existing main or trunkline utility facilities; however, when the Contractor is aware that removal or relocation of an existing utility has not been provided for, Contractor shall promptly notify the District and the utility in writing, so that provision for such removal or relocation may be made to avoid and minimize any delay which might be caused by the failure to remove or relocate the main or trunkline utility facilities, or to provide for its removal or relocation. In accordance with Section 4215 of the Government Code, if the Contractor while performing the work on the project discovers any existing main or trunkline utility facilities not identified by the public agency (the District) in the contract plans or specifications, he shall immediately notify the public agency (the District) and utility in writing. The public utility, where they are the owner, shall have the sole discretion to perform repairs or relocation work or permit the Contractor to do such repairs or relocation work at a reasonable price. The Contractor shall be compensated for the costs of locating, repairing damage not due to the failure of the Contractor to exercise reasonable care, and removing or relocating such utility facilities not indicated in the plans and specifications with reasonable accuracy, and for equipment on the Project necessarily idled during such work. Such compensation shall be in accordance with the extra work provisions set out in Section 9 hereof.

## SECTION 12 **TERMINATION OF AGREEMENT**

### A. **Termination for Breach.**

- (1) If the Contractor refuses or fails to prosecute the construction of the Project or any separable part thereof with such diligence as will insure its completion within the time specified by this Construction Services Agreement or any extension thereof, or fails to complete the Project within such time, or if the Contractor should be adjudged bankrupt, or if it should make a general assignment for the benefit of its creditors, or if a receiver should be appointed on account of its insolvency, or the Contractor or any of its subcontractors should violate any of the provisions of this Construction Services Agreement, the District may serve written notice upon the Contractor and its Surety of the District's intention to terminate this Construction Services Agreement. This notice of intent to terminate shall contain the reasons for such intention to terminate this Construction Services Agreement and a statement to that effect that the Contractor's right to perform work on the Project shall cease and terminate upon the expiration of ten (10) calendar days unless such violations have ceased and arrangements satisfactory to the District have been made for correction of said violations.
- (2) In the event that the District serves such written notice of termination upon the Contractor and the Surety, the Surety shall have the right to take over and perform this Construction Services Agreement. If the Surety does not: (1) give the District written notice of Surety's intention to take over and commence

performance of this Construction Services Agreement within fifteen (15) calendar days of the District's service of said notice of intent to terminate upon Surety; and (2) actually commence performance of this Construction Services Agreement within thirty (30) calendar days of the District's service of said notice upon Surety; then the District may take over the Project and prosecute the same to completion by separate contract or by any other method it may deem advisable for the account and at the expense of the Contractor.

- (3) In the event that the District elects to obtain an alternative performance of the Construction Services Agreement as specified above: (1) the District may, without liability for so doing, take possession of and utilize in completion of the Project such materials, appliances, plants and other property belonging to the Contractor that are on the site and reasonably necessary for such completion; and (2) Surety shall be liable to the District for any cost or other damage to the District necessitated by the District securing an alternate performance pursuant to this Section 12.

**B. Termination for Convenience.**

- (1) The District may terminate performance of the Project called for by the Contract Documents in whole or, from time to time, in part, if the District determines that a termination is in the District's interest.
- (2) The Contractor shall terminate all or any part of the Project upon delivery to the Contractor of a "Notice of Termination" specifying that the termination is for the convenience of the District, the extent of termination, and the effective date of such termination.
- (3) After receipt of Notice of Termination, and except as directed by the District's representative, the Contractor shall, regardless of any delay in determining or adjusting any amounts due under this Termination for Convenience clause, immediately proceed with the following obligations:
  - a. Stop work as specified in the Notice of Termination.
  - b. Complete any work specified in the Notice of Termination in a least cost/shortest time manner while still maintaining the quality called for under the Contract Documents.
  - c. Leave the Property upon which the Contractor was working and upon which the facility (or facilities) forming the basis of the Contract Documents is situated in a safe and sanitary manner such that it does not pose any threat to the public health or safety.
  - d. Terminate all subcontracts to the extent that they relate to the portions of the work terminated.
  - e. Place no further subcontracts or orders, except as necessary to complete the continued portion of the Construction Services Agreement.

- f. Submit to the District's Representative, within ten (10) calendar days from the effective date of the Notice of Termination, all of the usual documentation called for by the Contract Documents to substantiate all costs incurred by the Contractor for labor, materials and equipment through the effective date of the Notice of Termination. Any documentation substantiating costs incurred by the Contractor solely as a result of the District's exercise of its right to terminate this Construction Services Agreement pursuant to this clause, which costs the Contractor is authorized under the Construction Services Agreement to incur, shall: (i) be submitted to and received by the District no later than thirty (30) calendar days after the effective date of the Notice of Termination; (ii) describe the costs incurred with particularity; and (iii) be conspicuously identified as "Termination Costs occasioned by the District's Termination for Convenience."
- (4) Termination of the Construction Services Agreement shall not relieve the Surety of its obligation for any just claims arising out of or relating to the work performed on the Project.
- (5) In the event that the District exercises its right to terminate this Construction Services Agreement pursuant to this clause, the District shall pay the Contractor, upon the Contractor's submission of the documentation required by this provision, and other applicable provisions of the Construction Services Agreement the following amounts:
  - a. All actual costs incurred according to the provisions of this Construction Services Agreement including but not limited to insurance costs incurred in connection with the Project.
  - b. A reasonable allowance for profit on the cost of the work on the Project performed prior to termination, provided Contractor establishes to the satisfaction of the District, that it is reasonably probable that the Contractor would have made a profit had the Construction Services Agreement been completed and provided further, that the profit allowed shall in no event exceed seven percent (7%) costs. In no event shall the total amount exceed GMP.
  - c. A reasonable allowance for Contractor's administrative costs in determining the amount payable due to termination of the Construction Services Agreement under this Section 12.

C. **Termination of Agreement by Contractor.**

- (1) The Contractor may terminate the Construction Services Agreement upon ten (10) working days written notice to the District, whenever: (1) the entire Project has been suspended for ninety (90) consecutive calendar days through no fault or negligence of the Contractor and notice to resume the Construction Services Agreement or to terminate the Construction Services Agreement has not been received from the District within this time period; or (2) the District should fail to pay the Contractor any substantial sums due it in accordance with the terms of the Construction Services Agreement and within the time limits prescribed; or (3) the District shall elect not to appropriate funds and/or elect not to make two (2) successive Sublease Prepayments following the receipt by the District or a request from the Contractor in its capacity as Lessor for each such Sublease Prepayment submitted pursuant to Section 26 (A) of the Sublease. In the event of such termination, the Contractor shall have no claims against the District except for work performed on the Project as of the date of termination.

SECTION 13 **PERSONNEL ASSIGNMENT**

- A. Contractor shall assign Matt Gates as Construction Manager and a Project Manager/Superintendent for the Project approved by the District. So long as the Construction Manager and/or the Project Manager/Superintendent remain in the employ of the Contractor, such persons shall not be changed or substituted from the Project, or cease to be fully committed to the Project except as provided in this Section. In the event Contractor deems it necessary, Contractor shall replace Construction Manager and/or Project Manager/Superintendent for the Project with a replacement with like qualifications and experience, subject to the prior written consent of the District, which consent shall not be unreasonably withheld. Any violation of the terms and provisions of this Section 13 (A) shall entitle the District to terminate this Construction Services Agreement for breach, pursuant to the provisions of Section 12.
- B. Notwithstanding the foregoing provisions of Section 13 (A), above, if any Construction Manager and/or Project Manager/Superintendent proves not to be satisfactory to the District, upon written notice from the District to the Contractor such person shall be promptly replaced by a person who is acceptable to the District in accordance with the following procedures:
  - (1) Within five (5) business days after receipt of a notice from the District requesting the replacement of any Construction Manager and/or Project Manager/Superintendent or promptly following the discovery by the Contractor that any Construction Manager and/or Project Manager/Superintendent is leaving the employ of the Contractor, as the case may be, the Contractor shall provide the District with the name of an acceptable replacement/substitution (together with such person's resume and other information regarding such person's experience and qualifications). The replacement/substitution shall commence work on the Project no later than five (5) business days following the District's approval of such replacement, which approval shall not be unreasonably withheld. In the event that the District and Contractor cannot agree as to the substitution of replacement Construction Manager and/or Project Manager/Superintendent, the

District shall be entitled to terminate this Construction Services Agreement for breach, pursuant to the provisions of Section 12.

SECTION 14 **MAINTENANCE OF RECORDS; AUDIT.**

- A. The Contractor, and any subcontractors, shall keep or cause to be kept true and complete books, records, and accounts of all financial transactions in the course of its activities and operations related to the Project. These documents may include sales slips, invoices, payrolls, personnel records, requests for subcontractor payment, and other data relating to all matters covered by the Contract Documents. At all times during the construction of the Project, and for four (4) years following the termination of the term of the last Document, the Contractor, and any subcontractors, shall retain such data and records. During construction of the Project, the Contractor shall make available all requested data and records at reasonable locations within the County of San Diego, at any time during normal business hours, and as often as the District deems necessary. If records are not made available within the County of San Diego during the construction of the Project, the Contractor shall pay the District's travel costs to the location where the records are maintained. Upon completion of the construction of the Project, Contractor shall provide the District with one (1) complete copy of all books, records and accounts of all financial transactions in the course of its activities and operations related to the Project, including but not limited to sales slips, invoices, payrolls, personnel records, requests for subcontractor payment and other data relating to all matters covered by the Contract Documents. Failure to make requested records available for audit by the date requested will result in immediate termination of this Construction Services Agreement.
- B. At its own cost, the District shall have the right to review and audit, upon reasonably notice, the books and records of the Contractor concerning any monies associated with the Project. This right does not extend to books and records that do not, in any way, relate to or concern the accounting of monies associated with the Project. Any such audit shall be performed by an independent auditor, having no direct or indirect relationship with the functions or activities being audited or with the business conducted by the Contractor or the District. In the event the independent auditor determines that savings realized during the prosecution and progress of the Project were not added to the contingency portion of the GMP, as provided for in Section 6 of this Construction Services Agreement, the District shall be entitled deduct such the amount of such savings from the next Sublease Payment due or next requested Sublease Prepayments, as applicable, under the provisions of the Sublease between the District and Contractor. If the Contractor disputes the findings of the independent auditor, such dispute shall be handled in accordance with the provisions of Section 36 of this Construction Services Agreement.

SECTION 15 **LABOR COMPLIANCE**

- A. The Contractor acknowledges that pursuant to recently enacted Senate Bill 854, all labor compliance monitoring required for the Project by the Education Code or Labor Code, shall be provided by the Department of Industrial Relations (“DIR”). The Contractor shall, at no additional cost to the District, be required to comply with all the requirements of DIR for such compliance monitoring and all applicable provisions of the California Labor Code, including but not limited to the standard provisions requiring payment of prevailing wages, more further explained below, maintenance and submission of certified

weekly payrolls, and hiring of apprenticeship as appropriate for all workers for which a prevailing wage classification is listed by or may be obtained from the DIR. Consultant shall work with the District, and DIR to ensure the full compliance applicable labor law and all applicable labor compliance requirements of the DIR.

- B. The Contractor shall include the requirements of provision (A) in all subcontracts and require subcontractors to comply with these provisions at no additional cost to the District.

SECTION 16 **PREVAILING RATES OF WAGES**

- A. The Contractor is aware of the requirements of California Labor Code sections 1720 et seq. and 1770 et seq., as well as California Code of Regulations, Title 8, section 16000 et seq. ("Prevailing Wage Laws") which require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects. Since this Construction Services Agreement involves an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and since the total compensation is \$1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. The Contractor shall obtain a copy of the prevailing rates of per diem wages applicable to the work to be performed by subcontractors from the website of the Division of Labor Statistics and Research of the Department of Industrial Relations located at [www.dir.ca.gov/dlsr/](http://www.dir.ca.gov/dlsr/). In the alternative, the District shall provide Contractor with a copy of the prevailing rates of per diem wages applicable to the work to be performed by subcontractors. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to perform work on the Project available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the Project site. Contractor shall defend, indemnify and hold the District, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. When determining GMP, Contractor shall include to the extent possible anticipated general prevailing wage rates for the time when work on the Project will actually be performed.
- B. The Contractor and each subcontractor shall forfeit as a penalty to the District not more than fifty dollars (\$200) for each calendar day, or portion thereof, for each worker paid less than the stipulated prevailing rate for any work done by him, or by any subcontract under him, in violation of the provisions of the California Labor Code. The difference between such stipulated prevailing wage rate and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage rate shall be paid to each worker by the Contractor.
- C. As a further material part of this Construction Services Agreement, Contractor agrees to hold harmless and indemnify the District, its Board and each member of the Board, its officers, employees and agents from any and all claims, liability, loss, costs, damages, expenses, fines and penalties, of whatever kind or nature, including all costs of defense and attorneys' fees, arising from any alleged failure of Contractor or its subcontractors to comply with the Prevailing Wage Laws. If the District or any of the indemnified parties are named as a party in any dispute arising from the failure of Contractor or its subcontractors to pay prevailing wages, Contractor agrees that the District and the other indemnified parties may appoint their own independent counsel, and Contractor agrees to

pay all attorneys' fees and defense costs of the District and the other indemnified parties as billed, in addition to all other damages, fines, penalties and losses incurred by the District and the other indemnified parties as a result of the action.

SECTION 17 **DEBARMENT OF CONTRACTORS AND SUBCONTRACTORS**

The Contractor, or any subcontractor working under the Contractor may not perform work on a public works project with a subcontractor who is ineligible to perform work on a public project pursuant to Section 1777.1 or Section 1777.7 of the California Labor Code. Any contract on a public works project entered into between the Contractor and a debarred subcontractor is void as a matter of law. A debarred subcontractor may not receive any public money for performing work as a subcontractor on a public works contract. Any public money that is paid, or may have been paid to a debarred subcontractor by the Contractor on the Project shall be returned to the District. The Contractor shall be responsible for the payment of wages to workers of a debarred subcontractor who has been allowed to work on the Project.

SECTION 18 **EMPLOYMENT OF APPRENTICES**

- A. The Contractor's attention is directed to the provisions of Sections 1777.5, 1777.6, and 1777.7 of the California Labor Code concerning employment of apprentices by the Contractor or any subcontractor under it. In addition, Contractor shall obtain a certificate of apprenticeship before employing any apprentice pursuant to Sections 1777.5, 1777.6 and 1777.7 of the California Labor Code.
- B. Information relative to apprenticeship standards, wage schedules, and other requirements may be obtained from the Director of Industrial Relations, ex officio the Administrator of Apprenticeship, San Francisco, California, or from the Division of Apprenticeship Standards and its branch offices.
- C. Knowing violations of Section 1777.5 will result in forfeiture not to exceed \$100 for each calendar day of non-compliance pursuant to Section 1777.7.

SECTION 19 **HOURS OF WORK**

- A. Eight (8) hours of work shall constitute a legal day's work. The Contractor and each subcontractor shall forfeit, as penalty to the District, twenty five dollars (\$25) for each worker employed in the execution of work on the Project by the Contractor or any subcontractor under him for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any one calendar day and forty (40) hours in any calendar week in violation of the provisions of the Labor Code, and in particular, Section 1810 to Section 1815, thereof, inclusive, except that work performed by employees of the Contractor and his subcontractors in excess of eight hours per day at not less than one and one half times the basic rate of pay, as provided in Labor Code section 1815.
- B. Generally, construction work on the Project shall be accomplished on a regularly scheduled eight (8) hour per day work shift basis, Monday through Friday, between the hours of 7:00 a.m. and 5:00 p.m., however nothing herein shall prevent Contractor from working weekends and after school hours in order to complete the Project so long as not otherwise prohibited by law or local ordinances or regulations.

- C. Any work necessary to be performed after regular working hours, or on Sundays or other holidays shall be performed and included within the GMP, unless otherwise agreed to in writing before the work in question is commenced pursuant to Section 9, Extra Work/Modifications.

SECTION 20 **PAYROLL RECORDS**

- A. Pursuant to Labor Code section 1776, as amended from time to time, the Contractor and each subcontractor shall keep records showing the name, address, social security number, work classification, straight time and overtime hours paid each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker or other employee employed by him or her in connection with the work.
- B. The payroll records enumerated above shall be certified and shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:
  - (1) A certified copy of the employee's payroll records shall be made available for inspection or furnished to such employee or his or her authorized representative on request.
  - (2) A certified copy of all payroll records enumerated above shall be made available for inspection or furnished upon request as required by Labor Code section 1771.7 to the District, the Division of Labor Standards Enforcement and the Division of Apprenticeship Standards of the Department of Industrial Relations.
  - (3) A certified copy of all payroll records enumerated above shall be made available upon request to the public for inspection or copies thereof made; provided, however, that if request by the public shall be made through either the District, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement, if as requested, payroll records have been provided pursuant to Paragraph (2), the requesting party shall, prior to being provided the records, reimburse the cost of preparation by the Contractor, subcontractors and the entity through which the request was made. The public shall not be given access to such records at the principal office of the Contractor.

- D. Each Contractor shall file a certified copy of the records enumerated above with the entity that requested such records within ten (10) calendar days after receipt of a written request.
- E. Any copy of records made available for inspection as copies and furnished upon request to the public or the District, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement, shall be marked or obliterated in such a manner as to prevent disclosure of an individual's name, address, and social security number. The name and address of the Contractor or any subcontractor performing work on the Project shall not be marked or obliterated.

- F. The Contractor shall inform the District of the location of the records enumerated above, including the street address, city and county, and shall, within five (5) business days, provide a notice of a change of location and address.
- G. In the event of noncompliance with the requirements of this Section, the Contractor shall have ten (10) calendar days in which to comply subsequent to receipt of written notice specifying in what respects the Contractor must comply with this Section. Should noncompliance still be evident after such ten (10) calendar day period, the Contractor shall, as a penalty to the District, forfeit Twenty five Dollars (\$100.00) for each calendar day, or portion thereof, for each worker until strict compliance is effectuated. Upon the request of the Division of Labor Standards Enforcement, such penalties shall be withheld from Sublease Payments then due or from any Sublease Prepayment, as applicable.

SECTION 21 **BONDING REQUIREMENTS**

The Contractor shall provide the following bonds:

- A. A "Payment Bond" (material and labor bond) from a California admitted surety and in the form attached hereto, shall be provided by Contractor for the Project within five (5) working days after the District has issued a Notice to Proceed for the Project. The Payment Bond shall be for One Hundred Percent (100%) of the Final GMP of the Project, to satisfy claims of materials suppliers and of mechanics and laborers employed on the Project. The Payment Bond shall be maintained by the Contractor in full force and effect for the Project until the Project is fully completed and accepted and until all claims for materials and labor are paid, and shall otherwise comply with California law. The Payment Bond, once obtained, shall be attached to this Construction Services Agreement as Exhibit "C." In the event the Final GMP is increased in accordance with the provisions set forth in Section 9 above, the Contractor must increase the Payment Bond to equal the revised GMP. - B. A "Faithful Performance Bond" from a California admitted surety and in the form attached hereto shall be provided by Contractor for the Project within five (5) working days after the District has issued a Notice to Proceed on the Project. The Faithful Performance Bond shall be for One Hundred Percent (100%) of the Final GMP for the Project to guarantee faithful performance of all work, within the time prescribed, in a manner satisfactory to the District, and that all materials and workmanship shall be free from original or developed defects. The Faithful Performance Bond shall be in the form attached hereto and shall be maintained by the Contractor in full force and effect until the Project is fully completed and accepted and until all claims for materials and labor are paid, and shall otherwise comply with California law. The Faithful Performance Bond shall name the District as the entity to which the Principal and Surety, as defined in the Faithful Performance Bond, are bound. The Faithful Performance Bond shall be attached to this Construction Services Agreement as Exhibit "D." In the event the GMP is increased in accordance with the provisions set forth in Section 9 above, Contractor must increase the Faithful Performance Bonds to equal the revised GMP. The Performance Bond must be executed by an admitted Surety approved to conduct business in the State of California, pursuant to California Code of Civil Procedure section 995.120 and is authorized by the State of California.

- C. The bonds required by this Section shall meet the following criteria:
- (1) Each bond shall be signed by both the Contractor and a notary and the signature of the authorized agent of the surety shall be notarized.
  - (2) Should any bond become insufficient, the Contractor shall renew or amend the bond within ten (10) calendar days after receiving notice from the District.
  - (3) Should any surety at any time not be a California admitted surety, notice will be given to the District to that effect. No further payments shall be deemed due or shall be made under this Construction Services Agreement until a new surety shall qualify and be accepted by the District.
  - (4) Changes in the work, or extensions of time, made pursuant to the Construction Services Agreement shall in no way release the Contractor or the surety from its obligations. Notice of such changes or extensions shall be waived by the surety.
- D. Contractor is hereby authorized to obtain a Performance and Payment Bond from any subcontractors selected by Contractor at its discretion. Any bonds required by this subsection shall comply with the requirements set forth above in Section 21 (A)-(C).

**SECTION 22 SUBLEASE PAYMENTS AND RETENTION**

- A. Contractor shall finance the cost of construction of the Project which costs shall not exceed the GMP, except as otherwise provided in this Construction Services Agreement. The District shall pay the Contractor monthly Sublease Payments pursuant to the Sublease. The District may also pay Contractor voluntary Sublease Prepayments pursuant to the terms and conditions set forth in Section 26 of the Sublease and this Section 22, which terms and conditions include the five percent (5%) deduction for retention, described in Section 26 of the Sublease (the "Retention"). However, at any time after fifty percent of the work has been completed, if the governing board of the District finds that satisfactory progress is being made, it may make any of the remaining Sublease Prepayments in full, without withholding retention. The District shall retain and release such retention pursuant to Public Contract Code sections 7107 and 9203, as those sections may be amended from time to time. Provided, however, prior to, and as a condition precedent for the release of retention, the Contractor shall provide the District with written documentation identifying the amount paid to certified DVBE contractors and suppliers in performance of the Project and provide a copy of the DVBE Certification Letter issued by OSBCR for each DVBE. This documentation will be used by the District to evaluate its success in meeting its DVBE participation goal. In no event shall the sum of the Sublease Payments, Sublease Prepayments and retention exceed the Final GMP.

**SECTION 23 CORRECTION OF WORK: WARRANTY**

Neither final payment under the Sublease nor any provision in the Contract Documents shall relieve Contractor of responsibility for faulty materials or workmanship incorporated in the Project. Contractor warrants that all work under this Construction Services Agreement will be free of faulty materials or workmanship and hereby agrees, within ten (10) working days upon receiving notification from the District, to remedy, repair or replace, without cost to the District, all defects which may appear as a result of

faulty materials or workmanship in the Project, at any time, or from time to time, during a period beginning with commencement of the Project and ending one (1) year after the date of substantial completion of the Project, as defined in Section 11 herein. The foregoing warranty of Contractor also applies to the remedy, repair or replacement of defects which may appear as a result of faulty designs prepared by Contractor and/or any party retained by, through or under Contractor in connection with the Project, but the foregoing warranty of Contractor does not guarantee against damage to the Project sustained by use, wear, intentional acts, accidents, or lack of normal maintenance or as a result of changes or additions to the Project made or done by parties not directly responsible to Contractor, except where such changes or additions to the Project are made in accordance with Contractor's directions. No guarantee furnished by a party other than Contractor with respect to equipment manufactured or supplied by such party shall relieve Contractor from the foregoing warranty obligation of Contractor. The warranty period set forth herein above shall not apply to latent defects appearing in the Project, and with respect to such defects, the applicable statute of limitations shall apply. Contractor agrees to provide the District with all equipment and materials warranties provided by manufacturers to the District but has no obligation to assist in processing such warranty claims after said one (1) year warranty period.

SECTION 24 **ASSIGNMENT OF ANTI TRUST CLAIMS**

The Contractor offers and agrees to assign to the District all rights, title and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 USC Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchase of goods, services, or materials pursuant to the Construction Services Agreement. **SCOPE OF WORK**

The proposed Bonsall High School will provide educational facilities for grades 9–12 with a maximum enrollment, at the completion of all construction phases, of 1,500 students. An estimated 50 - 60 teachers, aides, administrators, and other personnel would staff the high school at maximum capacity.

Approximately 20 teachers and additional support staff including aides, administrators, and other personnel would be required to staff the initial enrollment of 500 students in the first phase of the project. The District estimates that the high school's instruction hours would be from approximately 8:00 a.m. to 3:00 p.m. Extracurricular activities would take place from approximately 3:00 p.m. to 7:30 p.m.

The proposed project build out would provide approximately 80,000 to 100,000 square feet (sf) of floor area in a number of separate buildings. The proposed buildings include permanent classroom facilities, administrative offices, media centers, and the performing arts center. Recreational fields and facilities are also proposed. The site will provide access to dance, band, exercise, and physical educational programs using the on-site fields.

A parking area for school buses would be included on the project site, contiguous to staff and student parking areas within appropriate portion of the school site for this purpose. Initially, it is anticipated that buses would use this parking area. Capacity would be provided for buses for special events or future busing needs. Buses routinely parked on this site would be those that currently serve the Bonsall High School demographic area.

The final scope of work shall consist of all of those improvements and facilities shown on the final DSA approved plans and specifications for the Project, which shall be inserted herein, upon completion and DSA approval for each Increment of the Project. The final DSA approved plans (with approval dates and DSA numbers) shall be incorporated into this agreement in the First Amendment hereto.

A performing arts center, planned for a future phase would operate both as an educational facility during school hours and as a community facility between 3:00 p.m. and 11:00 p.m. for rehearsals and performances. It would also be used during the weekends and over the summer months.

**PERFORMANCE BOND**

KNOW ALL PERSONS BY THESE PRESENTS:

THAT WHEREAS, \_\_\_\_\_ (hereinafter referred to as "District") has awarded to \_\_\_\_\_, (hereinafter referred to as the "Contractor") \_\_\_\_\_ an agreement for \_\_\_\_\_ (hereinafter referred to as the "Project").

WHEREAS, the work to be performed by the Contractor is more particularly set forth in the Contract Documents for the Project dated \_\_\_\_\_, (hereinafter referred to as "Contract Documents"), the terms and conditions of which are expressly incorporated herein by reference; and

WHEREAS, the Contractor is required by said Contract Documents to perform the terms thereof and to furnish a bond for the faithful performance of said Contract Documents.

NOW, THEREFORE, we, \_\_\_\_\_, the undersigned Contractor and \_\_\_\_\_ as Surety, a corporation organized and duly authorized to transact business under the laws of the State of California, are held and firmly bound unto the District in the sum of \_\_\_\_\_ DOLLARS, (\$\_\_\_\_\_), said sum being not less than one hundred percent (100%) of the total amount of the Contract, for which amount well and truly to be made, we bind ourselves, our heirs, executors and administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH, that, if the Contractor, his or its heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions and agreements in the Contract Documents and any alteration thereof made as therein provided, on its part, to be kept and performed at the time and in the manner therein specified, and in all respects according to their intent and meaning; and shall faithfully fulfill all obligations including the one-year guarantee of all materials and workmanship; and shall indemnify and save harmless the District, its officers and agents, as stipulated in said Contract Documents, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

As a condition precedent to the satisfactory completion of the Contract Documents, unless otherwise provided for in the Contract Documents, the above performance obligation shall hold good for a period of one (1) year after the acceptance of the work by District, during which time if Contractor shall fail to make full, complete, and satisfactory repair and replacements and totally protect the District from loss or damage resulting from or caused by defective materials or faulty workmanship the above obligation in penal sum thereof shall remain in full force and effect. However, anything in this paragraph to the contrary notwithstanding, the obligations of Surety hereunder shall continue so long as any obligation of Contractor remains under the Contract or at law. Nothing herein shall limit the District's rights or the Contractor or Surety's obligations under the Contract, law or equity, including, but not limited to, California Code of Civil Procedure section 337.15.

As a part of the obligation secured hereby and in addition to the face amount specified therefore, there shall be included costs and reasonable expenses and fees including reasonable attorney's fees, incurred by District in enforcing such obligation.

Whenever Contractor shall be, and is declared by the District to be, in default under the Contract Documents, the Surety shall remedy the default pursuant to the Contract Documents, or shall promptly, at the District's option:

- (1) Take over and complete the Project in accordance with all terms and conditions in the Contract Documents; or
- (2) Obtain a bid or bids for completing the Project in accordance with all terms and conditions in the Contract Documents and upon determination by Surety of the lowest responsive and responsible bidder, arrange for a Contract between such bidder, the Surety and the District, and make available as work progresses sufficient funds to pay the cost of completion of the Project, less the balance of the contract price, including other costs and damages for which Surety may be liable. The term "balance of the contract price" as used in this paragraph shall mean the total amount payable to Contractor by the District under the Contract and any modification thereto, less any amount previously paid by the District to the Contractor and any other set offs pursuant to the Contract Documents.
- (3) Permit the District to complete the Project in any manner consistent with California law and make available as work progresses sufficient funds to pay the cost of completion of the Project, less the balance of the contract price, including other costs and damages for which Surety may be liable. The term "balance of the contract price" as used in this paragraph shall mean the total amount payable to Contractor by the District under the Contract and any modification thereto, less any amount previously paid by the District to the Contractor and any other set offs pursuant to the Contract Documents.

Surety expressly agrees that the District may reject any contractor or subcontractor which may be proposed by Surety in fulfillment of its obligations in the event of default by the Contractor.

Surety shall not utilize Contractor in completing the Project nor shall Surety accept a bid from Contractor for completion of the Project if the District, when declaring the Contractor in default, notifies Surety of the District's objection to Contractor's further participation in the completion of the Project.

The Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract Documents or to the Project to be performed thereunder shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Contract Documents or to the Project.

- C. Should the District fail to pay any part of the Sublease Payments not otherwise excused pursuant to this Section or Section 9 hereof, within fifteen (15) business days from the due date thereof, the District shall, upon Lessor's written request, pay interest on such delinquent payment from the date said payment was due until paid at the rate of twelve percent (12%) per annum or the maximum legal rate, whichever is less. - D. In the event that the District exercises its option under Section 27(B) below, and purchases the Project by paying the Prepayment Price, the District's obligations under this Lease, including but not limited to the District's obligation to pay Sublease Payments under this Section, shall thereupon cease and terminate.

Sublease Payments shall be paid by District in consideration of the right of possession of, and the continued quiet use and enjoyment of, the Project and the Site during the lease. The parties hereto have agreed and determined that such total rental is not in excess of the fair rental value of the Project and the Site. In making such determination, consideration has been given to the fair market value of the Project and the Site, other obligations of the parties under this Sublease (including but not limited to costs of maintenance, taxes and insurance), the uses and purposes which may be served by the Project and the Site and the benefits therefrom which will accrue to the District and the general public, the ability of the District to make additions, modifications and improvements to the Project and the Site which are not inconsistent with the Construction Services Agreement (Exhibit "D" hereof) and which do not interfere with the Lessor's work on the Project and the Site.

For each potential incident of substantial interference, decisions to be made on i) whether or not abatement shall apply; ii) the date upon which abatement shall commence; iii) the applicable portion of Sublease Payments to be abated and; iv) the concluding date of the particular abatement shall all be subject to determinations by the District in concert with the provider of the insurance issued pursuant to Section 18 herein. The amount of Sublease abatement shall be such that the Sublease Payments paid by the District during the period of Project and Site restoration do not exceed the fair rental value of the usable portions of the Project and Site. In the event of any damage or destruction to the Project or the Site, this Sublease shall continue in full force and effect.

**SECTION 10. USE OF SITE AND PROJECT.**

During the term of this Sublease, Lessor shall provide the District with quiet use and enjoyment of the Site without suit, or hindrance from Lessor or their assigns, provided District is in compliance with its duties under this Sublease. District shall provide all permits and licenses, if any, necessary for the operation of the Project and Site. In addition, the District agrees to comply in all respects (including, without limitation, with respect to the time, maintenance and operation of the Project and Site) with laws of all jurisdictions in which its operations involving the Project and Site may extend and any legislative, executive, administrative or judicial body exercising any power or jurisdiction over the Site or the Project; provided, however, that District may contest in good faith the validity or application of any such law or rule in any reasonable manner which does not, in the opinion of Lessor, adversely affect the estate of Lessor in and to the Site or the Project or its interest or rights under this Sublease. Upon substantial completion of the Project or severable portions hereof, the Lessor shall provide the District with quiet use and enjoyment of the Site without suit or hindrance from the Lessor or its assigns, subject to reasonable interference from ongoing construction operations on any remaining portion of the Site under construction by the Lessor.

SECTION 11. **LESSOR'S INSPECTION/ACCESS TO THE SITE.**

District agrees that Lessor and any of Lessor's representatives shall have the right at all reasonable times to enter upon the Site or any portion thereof to construct and improve the Project, to examine and inspect the Site and the Project and to exercise its remedies pursuant to the section in this Sublease entitled "Remedies on Default." District further agrees that Lessor and any of Lessor's representatives shall have such rights of access to the Site as may be reasonably necessary to cause the proper maintenance of the Site and the Project in the event of failure by District to perform its obligations hereunder.

SECTION 12. **PROJECT ACCEPTANCE.**

District shall acknowledge final inspection and completion of the Project by executing a Certificate of Acceptance and recording a Notice of Completion. The validity of this Sublease will not be affected by any delay in or failure of completion of the Project.

SECTION 13. **ALTERATIONS AND ATTACHMENTS.** All permanent additions and improvements that are made to the Project shall belong to and become the property of Lessor, subject to the provisions of the Lease and Sections 26 and 27 hereof. Separately identifiable attachments added to the Project by the District shall remain the property of the District. At Lessor's request, the District agrees to remove the attachments and restore the Project to substantially as good

condition as when acquired and constructed, normal wear and tear excepted, in the event of failure by the District to perform its obligations hereunder.

SECTION 14. **MAINTENANCE.**

District, at its own cost and expense, shall maintain the Project and the Site in good repair throughout the term of the Sublease.

SECTION 15. **UTILITIES.**

Unless otherwise so specified in the Construction Services Agreement, District shall, in its own name, contract for and pay the expenses of all utility services required for the Project once constructed and Site, such utilities, including but not limited to, all air conditioning, heating, electrical, gas, water, and sewer units. The District shall be liable for payment as well as maintenance of all utility services received.

SECTION 16. **DAMAGE DESTRUCTION OR CONDEMNATION.**

With the exception of acts resulting from misconduct or negligence by Lessor, its agents and representatives, and except as otherwise provided in the Construction Services Agreement, the District assumes all risk of loss of, damage to or condemnation of the Project or the Site from any cause or for any reason whatsoever, and no such loss of, damage to or condemnation of the Project or the Site shall relieve the District of (i) the obligation to make the Sublease Payments hereunder subject to the provisions in Sections 7 and 9 hereof, or (ii) to perform any other obligation under this Sublease. Except as otherwise provided in the Construction Services Agreement, the District waives the benefit of Civil Code sections 1932(2) and 1933(4) and any and all other rights to terminate this Sublease by virtue of any damage or destruction to the Project or the Site.

SECTION 17. **PHYSICAL DAMAGE; PUBLIC LIABILITY INSURANCE.**

Each insurer shall agree, by endorsement upon the policy or policies issued by it or by independent instrument furnished to Lessor, that it will give Lessor thirty (30) days written notice before the policy or policies shall be altered or canceled. The proceeds of such insurance or the proceeds of any condemnation award received with respect to the Project and the Site, at the option of the District, shall be

This coverage shall insure against abatement of Sublease Payments payable by the District that come due hereunder resulting from the District's loss of use of the Project and the Site or any substantial portion thereof and caused by any and all perils, either insured or uninsured. Such insurance may be maintained in conjunction with or separate from any other similar insurance maintained by the District. **SECTION 24. ASSIGNMENT.**
