Rebuttal to the Argument Against Measure EE

Outside special interests like Carl DeMaio and Republican Party leaders from San Diego have a lot at stake in California's statewide election. Maybe that's why they're grandstanding in our local election.

Since they aren't local, let's forgive these outside special interests for getting their facts wrong. Bonsall Unified School District HAS adopted San Diego County Taxpayers' best practices. Measure EE DOES include mandatory, local citizen oversight and annual, public audits.

Visit www.tinyurl.com/bonsalltransparency to read the resolution and board policies for yourself.

Measure EE is about **our kids, our property values and the future of our community**. It's not about statewide politics.

Measure EE provides local control over the quality and safety of local high school education.

We can't risk another Lilac Fire when firefighters couldn't evacuate all the middle and high schoolers who are currently overcrowded into one middle school campus.

Without Measure EE, Bonsall High students will lack access to science labs and other modern high school facilities needed for career training in technology, engineering, biomedical science, math and skilled trades.

Everyone's property values depend on the continued quality and safety of our local schools.

Voting Yes on EE is the only way to relieve overcrowding, protect excellent education and keep Bonsall Unified School District students safe.

That's why hundreds of local residents — Republicans and Democrats, parents of Bonsall students and neighbors whose kids are long out of school — are rallying together to pass Measure EE.

Don't listen to outsiders and special interests. This is about our community and our kids.

Vote Yes on EE.

ARGUMENT/REBUTTAL SIGNATURES
